

COMPAMED

COMPAMED 2010, Düsseldorf, 17.-19.11.10, Hall F19/Booth F19.1

ECR AG at the Compamed 2010

ECR AG provides made-to-order solutions with a strong engineering-competence for medical technology and presents at the World Forum for Medicine.

Experts of the medical technology industry show at COMPAMED 2010 new developments, ranging from plastic and ceramic components to surfaces and material analysis, as well as sensor technology and implants at the IVAM Product Market "High-tech for Medical Devices".

The focal themes include nanomed, advanced materials, microtechnology and high-tech manufacturing. A highlight will be the topic "Quality management using excellent measurement, testing and analyzing technology".

We look forward to meet you !
